# WHO WE ARE

## About us

Gray Production was founded in 2019 to deliver diverse high-quality media services, our professional team handles photography, videography, social media management, graphic design, and even game development.

Our goal is to become the leaders in the production scene, elevating Libyan media production service to as close as possible to global standards.

# WHAT WE CAN DO

## Photography:

Do you have an event you would like covered? Election campaign maybe? Our dedicated photography team will make sure that your best moments will stay with you forever.

## Graphic Design/Social Media Management:

No business can grow without having a consistently highly engaged following on social media, however not every business has the time to do it, our graphic designers and social media consultants will take care of all that, so you can focus on doing what you love the most, while we do so as well.

## Videography:

The saying goes "A picture is worth a thousand words", and in the modern era we can say that a "video is worth a thousand pictures", our team can utilize its expertise in shooting, coloring, editing, sound design, and direction to create the best possible story about your work.

## Games Development:

Games are expanding everyday to reach new people and make a different impact, with gamification now being utilized in apps ranging from education to finance, does your business need to add gamification to any of its apps or websites? Let us know and we will make sure people have tons of fun engaging with your business.

# OUR CLIENTS

ALTAQNYA  
FOR DATA & COMMUNICATION

# EQU IPMENT

## Equipment:

Our team uses top-shelf equipment for all its productions, 6K cinematic cameras, professional microphones, and lighting equipment, quality comes first no matter how big or small your project is.

# SOFTWARE

## Software:

With top-shelf equipment comes the need for top-shelf software, we are highly experienced in the best software for each service we provide, Davinci Resolve, Adobe After Effects, Adobe Audition, and of course Adobe Photoshop and Illustrator, we make sure the best software is coupled with the best equipment to deliver to you the excellent quality we promise.
